

II. REMARKS

Claim 1 has been amended herein for clarity. This amendment does not introduce new matter.

III. SUMMARY

In the unlikely event that the transmittal letter is separated from this document and the Patent Office determines that an extension and/or other relief is required, applicant petitions for any required relief including extensions of time and authorizes the Assistant Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to **Deposit Account No. 03-1952** referencing docket no. 391442004300. However, the Commissioner is not authorized to charge the cost of the issue fee to the Deposit Account.

Respectfully submitted,

Dated: September 14, 2001

Version with markings to show changes made

Please amend Claim 1 as follows:

1. (Amended) A *cis*-platinum complex of the formula Ia or Ib

or a pharmaceutically acceptable salt thereof

wherein:

each A is independently an anion;

each B is independently halo, hydroxy, carboxylate, carbamate or a carbonate ester,

Z is a substituted 5- or 6-membered, heterocyclic moiety, wherein the substituted heterocyclic moiety further comprises a [wherein at least one] substituent that sterically hinders access of the Pt atom to a DNA strand of a tumor cell by a measurable amount more than an unsubstituted heterocyclic moiety with the same structure when tested under the same conditions, and wherein Z is other than pyridine; and
X is NH₃ or mono- or dialkyl substituted NH₃.
